Re Louisville airtel to Bureau 8-1-56, regarding
availability status of [redacted]

[redacted] who has expressed a willingness to testify
in Federal proceedings, was recently re-admitted into
the Communist Party, and is currently active in
furnishing information regarding Communist Party
meetings and Communist Party front activity. The
Cleveland Office knows of no derogatory information
regarding [redacted] although it is noted that [redacted]
has been married four times. Informant has been
married to his present spouse for twelve years.
Utilization of [redacted] as a witness at this time would
seriously effect the informant coverage of the
Cleveland Office, and his identity should, therefore,
be protected.

[redacted] who has been an informant of the Cleveland
Office since 1953, has never been a member of the
Communist Party. He is a member of UE Local 735 in
Cleveland, and currently furnishes information regard-
ing the Communist infiltration of UE Local 735, and
the activity of Communist Party front groups. In
view of his status as a currently active security
informant his identity should be protected. Disclosure
of [redacted] would adversely effect the informant
coverage of the Communist infiltration of the UE in the
Cleveland area.

Re DE letter to Director, FBI, 8/29/56.

Relet points out that the UE (Independent) is going to hold its 1956 national convention in New York City at the Belmont Plaza Hotel, September 17 - 21, 1956. New York requests that the Cleveland Division determine if any of the Cleveland CP functionaries, especially members of the CP Trade Union Commission, in this territory plan to be in New York just prior to or during the time of the UE convention. Further, that any travel to New York City by such CP functionaries should be brought to the attention of the New York Office by appropriate expedite communication.

Within the Cleveland Division it is believed that [REDACTED] would be the only logical Cleveland CP functionaries travelling to New York City for activities in connection with any CP caucuses relative to the UE convention.

^{to}
SAs with whom the above three cases are assigned should be alerted for possible travel of their subject to New York City. Security informants for whom a copy of this memo has been designated should be alerted for any information regarding travelling of any CP functionary to New York City between this date and September 21, 1956.

SA [REDACTED] should be advised of any impending travel to New York City by CP functionaries.

COMMUNIST PARTY - USA
COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY - C

~~CONFIDENTIAL~~

ReBulet to New York 9-6-56.

Referenced letter has been discussed with the Security Squad in the Cleveland Office and the Bureau's thinking in terms of a counterintelligence program aimed at the Communist Party was most favorably received.

From a review of the Security Informants in the Cleveland Division, it has been concluded that the two active informants that may be useful in the furtherance of such a program would be [redacted] both of these individuals being members of the Negro race.

[redacted] only recently was reinstated in the Communist Party and was able to accomplish this by taking a bold stand with [redacted] leading Negro leader in the Ohio CP, by charging FRIEDA KATZ with white chauvinism. FRIEDA KATZ, prominent CP member in District Six and an acquitted Smith Act Defendant, has been accused of white chauvinism on previous occasions, and it was the conclusion of the leading Negroes in the Ohio CP that this was a factor to be dealt with. It is believed therefor, that since [redacted] has been recognized as a victim of white chauvinism in the CP at Cleveland, she can be best utilized in the Negro field to continue to champion the rights of the Negroes and to keep alive the element of white chauvinism on both a district basis and as the occasion may warrant on a national level by being critical of the white leadership and laudatory of the Negro leaders.

Approximate Number of Persons on Whom Informant Furnished Coverage and their Importance

Informant has identified approximately 35 persons in attendance at CP meetings, including the leading CP Cadre in the area.

Informants Potential for Advancement

Informant would appear to be in an excellent position to continue to advance in the Communist movement. A better understanding of Marxist ideology and phraseology would improve her position and [REDACTED] has indicated to informant that he desires that she receive further CP training.

Stability & Reliability

There is no indication of domestic difficulty, untrustworthiness or unreliability on the part of the informant.

Indoctrination Against Disclosure

Every opportunity has been taken to properly indoctrinate informant against relationship with Bureau thru any media.

Type and Number of Meetings Attended and Other Activity

Informant has met twice with [REDACTED] to receive instructions regarding her work in the NAACP and to furnish [REDACTED] with information re NAACP membership drive etc. [REDACTED] indicated that he desired to train Negro women for key positions in the CP to overcome the chauvinism existing in the Party and that informant was one of the Negro women who

should receive training and instruction. He indicated that informant's principal assignment at this time is to infiltrate the NAACP, and that while working in the NAACP she should avoid association with other Communists in the organization.

Informant attended one meeting of the CP Cedar Central Section Committee at which she was elected Dues Secretary, and one Ohio CP Negro Conference attended by CP Cadre thruout Ohio. Informant has also met with individual Communists; has entertained the wife of [redacted] in her home and has attended numerous NAACP meetings in connection with the membership drive of that organization in which informant recruited approximately 50 new members and received an orchid award for her efforts.

Number of Written and Oral Reports Submitted

Informant has submitted 16 typewritten reports and has been contacted frequently regarding her knowledge of the CP status of individuals who are subjects of security or applicant type cases.

Information Furnished of Unusual Value

Informant's report re the Ohio CP Negro Conference, at which she received the Pre Convention Discussion Bulletin, issued by the Ohio CP, was probably the most valuable information submitted by informant during the period.

Information furnished by informant made possible a contact with an anonymous source close to [redacted] who furnished considerable information of value.

All necessary action has been taken on information furnished by informant.

Miscellaneous

Informant is one of two informants of the Cleveland Division who, it is contemplated, will be utilized in the Counter Intelligence Program of the Bureau.

Recommendations

Since May, 1953, [redacted] has been compensated in the amount of \$175.00 per month for services. In view of informant's admission into the CP in June, 1956, and her subsequent advancement I therefore recommend that authority be granted to increase payments to [redacted] up to \$225.00 per month for services, plus \$50.00 per month for expenses actually incurred for a period of three months, effective November 1, 1956.

[redacted] was in [redacted] in the CP in Cleveland, principally through the sponsorship of [redacted] Ohio CP Organizer for Negro Cadre, who subsequently was instrumental in having informant elected to position as Dues Secretary of the Cedar-Central CP Section, whose members are principally Negroes. [redacted] also assigned informant to the principal task of infiltrating the NAACP, in which informant has had notable success, particularly in the membership drive of the NAACP, having recruited approximately 50 new members into NAACP, an accomplishment which has been viewed in a very favorable light by [redacted] and other CP leaders.

Informant's capabilities in captioned program will be limited due to only an elementary understanding of Marxist ideology and phraseology. In the past informant's position in the Communist movement has been strongly militant, principally in relation to the Negro question of discrimination and white chauvinism. Informant's views in this regard coincide with those attributed to [redacted] Informant has had little or no opportunity to express his views at Party functions on subjects of Party organization, labor, women, farmers, international relations, etc., and it is believed that any effort of informant to inject his views in discussions on these questions would be inconsistent with his past experience in the movement, and limited Marxist education.

In discussing the possibilities inherent in captioned program with informant, he indicated a very favorable reaction, and a willingness to cooperate fully, and in accordance with Bureau instructions. As indicated above, informant feels that he has been subjected to intra-Party white chauvinism by certain white CP leaders in the past, and at future CP meetings of the Cedar-Central Section particularly, opportunities will be found to stress the problem of white chauvinism within the Party, and thus, keep alive the factionalism among the white and Negro CP members which exists.

Other issues raised in the Draft of Political Resolution for 16th National Convention CP, USA, of:

1. Whether the CP, USA should be changed into a political action association
2. Proposals to correct bureaucratic methods of leadership in the CP
3. Proposal that CP, USA must be an independent Marxist party not subject to any external allegiance or discipline,
4. And, the criticism of EUGENE DENNIS that the resolutions fail to deal with problems of work among youth, women, etc., and the Negro question

were also discussed with informant who indicated that his brief period of reinstatement in the Party would, at this time, not permit him to make any significant contribution to discussion on those questions.

Informant indicated that the failure of the CP to organize in, or influence the Negro community to any appreciable extent is a basic issue in the CP in Cleveland, and that at future CP meetings and as the opportunity arose, he could point out that the failure of the CP in the Negro field is largely due to the white chauvinism practiced in the past on the part of white CP leaders, and their failure to recognize the merits and leadership capabilities of Negroes in the movement.

No positive steps will be taken with reference to the foregoing until Bureau approval is granted.

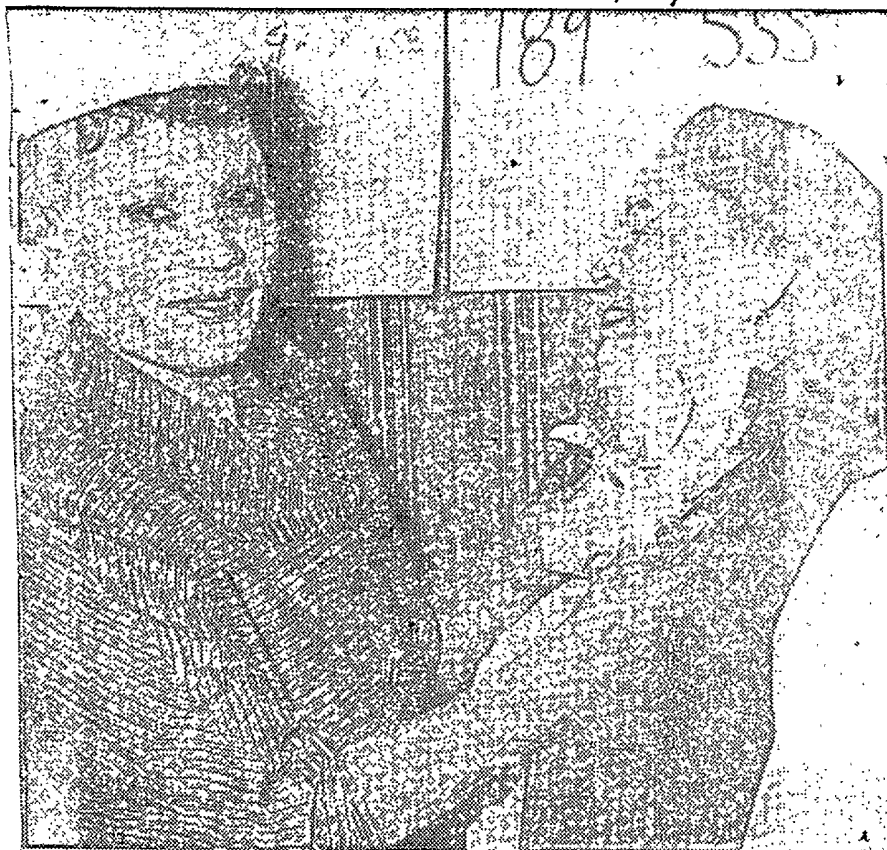

In accordance with rebuairtel, information concerning [redacted] will be furnished to the Bureau as expeditiously as possible.

[REDACTED] on 1/28/57 reported that she attended the Ohio CP State Convention in Cleveland on 1/27/57 and was nominated as a delegate to the National CP Convention, February 8-12, 1957, but was not elected because of being excluded under the rule that a delegate to the National CP Convention must have been a CP member for two years. On 1/27/57, however, [REDACTED] Ohio CP Organizer for Negro Cadre, informed her that she could attend the National Convention as a "spectator."

On 1/30/57 informant reported she had discussed the possibility of her attending the convention with [REDACTED] who indicated that he would fight for her to be able to attend as a "spectator"; that possibly she could go with him, and that he would make the necessary inquiries concerning the possibility of her attending, and would definitely let her know prior to the convention whether she would be permitted to attend, and whether she would be furnished with transportation and living accommodations at a nominal cost.

It is noted that informant is Treasurer of the Cedar Central Section of the CP in Cleveland, with the CP assignment of infiltrating the NAACP, and was recently elected Chairman of the Sick Benefits Committee of the Cleveland NAACP.

It is believed that if informant is permitted by the CP to attend the National CP Convention as a non-voting "spectator" it will improve informant's status with both local and national CP functionaries, and be the means whereby informant will be in a position to furnish additional valuable information.

Current Membership in Organizations

Informant is currently a member of a Communist Party (CP) club in the Cedar-Central Section, Cleveland, and is also Dues Secretary and Treasurer of the Cedar-Central Section CP. Informant is also a member of the National Association for the Advancement of Colored People (NAACP), the Junior Women's Auxiliary of the NAACP, and in compliance with CP instructions, an active participant in NAACP functions. Informant has also been elected Chairman of a Sick Benefits Committee of the NAACP in Cleveland.

Summary of Information Furnished During Pertinent Period

On January 27, 1957, informant attended, as a delegate from the CP Cedar-Central Section, the first session of the Ohio State CP Convention; on February 5, 1957, informant attended a meeting of Ohio CP delegates and alternates to the National Convention although informant had not been elected as either a delegate or alternate to the CP National Convention, which meeting was called to consider the question raised by the informant of the lack of Negro representation in the Ohio CP delegation to the CP National Convention. On March 3, 1957, informant attended the second session of the Ohio State CP Convention. Informant has also attended meetings of the Executive Board of the

[redacted]

CP Cedar-Central Section and furnished valuable CP membership and organization information. In line with informant's CP assignment of infiltrating the NAACP, informant continues to frequently confer with [redacted] Ohio CP Organizer for Negro cadre, and has furnished valuable information to this office relative to the extent of CP infiltration into the NAACP. Informant has also furnished Communist propaganda issued by the Committee to Secure Justice for Morton Sobell, the Ohio Bill of Rights Conference (OERC), the Pittsburgh Smith Act Self-Defense Committee, the Committee for Taft-Hartley Defendants, the "Peking Peoples Daily" and the Communist Party of Italy.

Approximate Number of Persons on Whom Informant
Furnished Coverage and Their Importance

Informant has identified approximately thirty-five persons in attendance at CP meetings in Cleveland, including the Ohio State CP leadership and the leadership of the Cedar-Central Section of the CP in Cleveland.

Informant's Potential for Advancement

Potential for advancement continues to appear favorable as informant's period of membership in the CP increases and in view of her position as Treasurer of the CP Cedar-Central Section; however, the somewhat disorganized state of the CP in the Cedar-Central Section and the lack of activity on the part of individual CP members would seem to be a negative factor limiting informant's opportunities for advancement. It is noted that [redacted] has reported that [redacted] has recently found it necessary to secure employment because his income from the CP was insufficient for his needs which has had the effect of limiting his CP organizational work.

Stability and Reliability

There is no indication of domestic difficulty, untrustworthiness, or unreliability on the part of the informant.

Indoctrination Against Disclosure

Every opportunity has been taken to properly indoctrinate informant against disclosing her relationship with the Bureau through any media.

Amount Paid for Services and Expenses by Month

<u>Month</u>	<u>Services</u>	<u>Expenses</u>
January, 1957	\$225.00	\$13.15
February, 1957	200.00	11.50
March, 1957	225.00	11.85

Type and Number of Meetings Attended and Other Activity

During the pertinent period informant attended, as a delegate, two sessions of the Ohio State CP Convention; one meeting of CP delegates and alternates to the National CP Convention; two meetings of the CP Cedar-Central Section Committee; numerous conferences with the Ohio CP Organizer for Negro cadre and various functions of the NAACP in accordance with her CP assignment of infiltrating that organization.

Number of Written and Oral Reports Submitted

During the pertinent period informant submitted fifteen written reports and has been contacted frequently concerning subjects of individual security and applicant-type cases.

Information Furnished of Unusual Value

Informant attended both the first and second session of the Ohio State CP Convention and was the only Cleveland informant at the second session. Intelligence information furnished by [redacted] was found to be extremely valuable in the establishment of a technical source close to an Ohio State CP functionary.

Miscellaneous

[redacted] is one of two informants of the Cleveland Division approved by the Bureau for utilization in the Counter-Intelligence Program of the Bureau.

Recommendation

I, therefore, recommend that authority be granted to continue payments to [redacted] up to \$225 per month for services, plus up to \$50 per month for expenses actually incurred for a period of three months, effective May 1, 1957.

Re: [redacted]

b2

[redacted] on 10/29/57 telephonically advised that about 9:20 AM on that date, while listening to Tom Haley on KYW, she received a telephone call from a man who said he was Tom Haley on KYW, and asked her the secret word, which is part of the program. When informant gave him the word which was "Modern", he continued to talk and began to use obscene language, and near the end of the conversation used informant's full name. Informant continued the conversation with him hoping to be able to identify the caller thru his voice but was unable to do so, altho she told him that she did recognize his voice and was going to call the police. Informant also called station KYW and told them of the call. The call apparently was made locally.

Informant stated that she believed the caller to be male, Negro, young, who spoke in a high toned voice, which may have been disguised, and that her caller was not alone, since at one point in the conversation he stopped to ask someone with him a question.

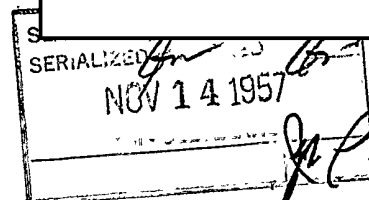

As of this date 11/14, informant advised that she has received no further calls of a similar nature.

Suggested above be retained for future reference.

[REDACTED] phoned at 9 AM today to advise that she was scheduled to go to a meeting at 10AM today at Bert Washington's Home, and she was certain that there would be discussion there about the recent elections held by the NAACP. She advised that at these elections, it was very evident to her that she had been pointed out as a Communist, and that she was being ostracized because of this. She wanted to know what she should tell [REDACTED] and the others, in the event they pressed her for information as to what happened in the NAACP elections. The writer advised her to tell them the truth--that is that she felt certain that she had been labeled as a Communist, and was being sidetracked because of this.

The writer felt that for her to try and conceal the fact that she had been spotted as a Communist, would only lead to further complications later.

[REDACTED] said that during the course of the NAACP elections, she was advised by [REDACTED] that [REDACTED] was pointing out to the NAACP officials, the C's that were present. [REDACTED] specifically noted that Day on one occasion was talking about her--i.e. pointing her out as a Communist..

Informant is Treasurer of the Cedar-Glenville Section of the Communist Party (CP) in Cleveland, and is also in contact with the Cleveland Branch of the Provisional Organizing Committee for a Marxist-Leninist CP (POC).

3. Summary of Information Furnished

During the period May 1, 1959, to August 31, 1959, informant reported upon regular meetings of the CP Ward 24 Club; meetings of the CP Cedar-Glenville Section; one meeting of the CP Cedar-Central Club; two meetings of the Cleveland Branch of the POC which were addressed by POC National

Informant also furnished CP monthly funds data concerning the Cedar-Glenville Section, and a report regarding a contact with [redacted] in Cleveland, now residing in Chicago, relative to the status of Party organization in Chicago.

Informant also furnished CP propaganda regarding the steel strike, the proposed County Charter for Cleveland, and advocating a federal law against lynching, as well as propaganda issued by the POC, and the American Committee for Protection of Foreign Born (ACFPB).

Furnished Coverage and Their Importance

Informant reported upon approximately 30 individuals affiliated with the CP in Cleveland, including the State CP leadership, and approximately 8 persons affiliated with the POC, including National POC functionaries.

9. Informant's Potential for Advancement

It appears unlikely that informant will advance any further in the CP. Informant has been attempting for some time to secure a transfer into the CP South East Section in Cleveland. The leadership of the South East Section has declined to accept her basing their refusal on suspicions that she is an informant for the FBI. BERT WASHINGTON, a paid CP functionary in Cleveland, has been conducting an "investigation" to either prove or disprove this allegation. Special CP meetings have been held to consider this matter, at which informant has charged that the South East Section opposes her admission because of "white Chauvinism" inasmuch as the section is "lily-white", although there are Negroes who were formerly CP members residing in the area of the South East Section. The "investigation" by WASHINGTON has produced nothing to substantiate the "suspicions" of [REDACTED] and FRIEDA KATZ, South East Section leaders, and the matter is unresolved at this time.

In addition, informant has tentative plans to move to Los Angeles in 1960.

10. Stability and Reliability

There has been no indication of any personal weaknesses, domestic difficulties or instability on the part of the informant during pertinent period.

11. Indoctrination Against Disclosure

Every opportunity has been taken to properly indoctrinate informant against making any disclosure of her relationship with the Bureau through any media.

12. Action Taken on Information Furnished

All necessary action has been taken on information furnished and information has been channelized or is in the process of channelization.

13. Miscellaneous

No pertinent data.

14. Recommendation

I, therefore, recommend that authority be granted to continue payments to [redacted] up to \$225 per month for services, plus up to \$50 per month for expenses actually incurred, for a period of four months effective October 1, 1959.

Re Cleveland letter December 14, 1959, wherein information was set forth indicating that Anthony Krchmarek, Ohio Communist Party (CP) chairman, and others criticized Gus Hall at the Ohio state convention on November 29, 1959, for having certain weaknesses and a tendency to "go overboard" on certain situations and people. Now that Gus Hall has been elected general secretary of the CP, USA, the views of these individuals in the Ohio district, which is Hall's home Party district, should be kept in mind by the New York and Cleveland Offices for possible future exploitation under the Counterintelligence Program.

Reference is made to the information in relet concerning the possible use [redacted] in a final counter-intelligence operation prior to her departure for Los Angeles, California, about May 1, 1960. It is noted that the informant has indicated a desire to set forth her experiences in the CP before a wide segment of the Negro people and possibly capitalizing on her experiences by publicizing her story in some magazine having broad circulation in Negro communities. b2 b6 b7C

Before any final decision is made relative to the disclosure of [redacted] informant status, the Cleveland Office should conduct a review of her file in accordance with Section 107Q of the Manual of Instructions and advise in what cases she has furnished information which may require her to be a Government witness. In addition, the Cleveland Office is instructed to advise the Bureau as to what plans the informant and her husband have with regard to employment in Los Angeles, California.

If it develops that there are no reasons for not allowing the informant to publicize her activities inside the CP, it is felt that considerable disruption could be

caused the CP, USA, particularly in the Negro field, if the informant would publicize her Party experiences. The Bureau has contacts in the Negro publishing field and it is believed the proper publicity can be exploited in this connection. The Bureau also feels that public testimony by [redacted] before a special hearing of the House Committee on Un-American Activities (HCUA) in Cleveland conducted at the same time her published story appears would also be disruptive to the Ohio CP particularly in view of the fact that Gus Hall, the new general secretary of the CP, USA, has long been connected with the Ohio district. b2

The writing of an article for publication and her public appearance before the HCUA should not be discussed with [redacted] until the Bureau has been furnished the above-requested information. Also before any counterintelligence operation is discussed with the informant, the Cleveland Office should make certain the informant has not retained any notes or copies of any reports or statements of anything pertaining to her work as an informant.

The Cleveland Office should give this matter careful analysis and furnish to the Bureau by separate communication (not in the regular monthly letter) more detailed recommendations in connection with this matter.
